

## TANWORTH-IN-ARDEN GARDENING CLUB

The Gardening Club came into being in 1983, and some of the founder members were present when the Silver Jubilee was celebrated in 2008.

We hold one meeting a month in the Village Hall from September until April, inviting guest speakers to talk on topics such as gardening techniques, good practice, design, or a notable country house garden.

Between May and September, two or three visits are organised to interesting and attractive gardens within a reasonable distance of Tanworth.

Those wishing to join the Club are very welcome to do so by contacting the Secretary, although there is a Waiting List at present. We regret that the programme of visits and evening meetings is open to members only.
