

Tanworth - in – Arden Pantomime Group

Pantomimes have been produced annually in the Village Hall for at least the last 40 years and they remain an exceedingly popular form of local, live entertainment.

The performers are an ad hoc group – new people of all ages join in each year mixing successfully with the ‘old stagers’ who are well known and loved in the village. The show is performed in the school half term in February when the premises are vacated by the Nursery school, and it is usual to have four performances, all of which are a sell out.

There have only been three producers during this time, who have all been inclined to write their own scripts, but the field is wide open for newcomers to have a go. Our main aim is to amuse and entertain our friends and neighbours but there is good potential for fundraising and for making new friends.

Many years ago there used to be an amateur dramatics group and it would be lovely to start another one, especially as we now have good sound and lighting facilities in the hall. Productions could take place at any time in the year.

If you are at all interested in any aspect of local theatre – producing, acting, playing music, scenery construction and painting, choreography, technical assistance, costumes, backstage work or running the bar then please contact me at:
